Appendix — LLM Draft & Commentary

Prompt used:

“Create an outline and sample text for a one-page MBA student portfolio.”

LLM Output (verbatim):

<paste the model’s outline + sample text here, unchanged>

My Commentary (what I used/changed and why): - Kept the section order but cut verbose parts to fit one page. - Rewrote the bio and bullets to reflect my actual roles/results. - Replaced generic skills with specific tools I use. - Adjusted tone to be more concise and action-oriented. - Ensured no claims are exaggerated; all facts are accurate.
